## RYSL Equipment Usage Policy

061011

1. The RYSL “**Equipment Usage Policy**” is based on keeping the cost of the registration fees at a rate that the player’s families can afford.
2. Equipment is a large part of the expenses of any League and since the RYSL is continuing to grow, it will continue to need to purchase new equipment and maintain the equipment the League already owns.
3. The RYSL manages its Equipment in such a way as to get the most usage over the longest period of time.
4. If an entity (League, Team, individual, etc., in or out of the RYSL) wants to use the RYSL Equipment, they will have to fill out an “**Equipment Usage Request Application**” and submit it to the President of RYSL.
5. Depending on what equipment has been requested and the duration of use, the President will determine if the request will be honored.
6. If the request is allowed, the President will determine a cost that will be charged for the usage.
7. This cost will include a fee to be paid for one of the Equipment Staff to get the equipment out of the shed, wait for it to be used, and return the equipment back in the shed.
8. A form will be filled out with the understanding that if anything happens to the equipment, the party using the equipment will be fully responsible to fix it or replace it, at its current or to a new condition, depending on the circumstance.
9. The RYSL “**Equipment Usage Policy**” shall apply to anyone requesting the use of any RYSL Equipment.
