## RYSL Player Movement Policy

112011

1. When a player registers to play in the RYSL, they commit to play on the team they registered with or were rostered on for the entire Seasonal year.
2. If a problem develops between the player and the coach or other individuals on the team, the player may request to move from that team. The player and the coach or other individuals will all meet with the players parents and discuss the situation.
3. If the problem is unable to be rectified, the player will be taken off of that team and rostered in the **“RYSL Player Pool”**.
4. The RYSL Registrar will then try and find a spot on another team for the player to be rostered on. The player, parents or any other coach has no input in this process. If the Registrar is unable to find a team for the player to be rostered on, the player will stay in the **“RYSL Player Pool”** until there is an opening.
5. If there is no problem between the player and the coach or other individuals and the player just wants to leave the team to join another player or coach on another team, that will not be allowed.
6. From the date that the RYSL Registrar sends out the rosters to the coaches in the Fall Season, the window for talking to players by Coaches, Team Officials, Other Players, Parents, Family Members or Guests is closed. If a Coach, Team Official, Other Player, Parent, Family Member or Guest contacts a player for any reason, who is already rostered on another team, they will be referred to the RYSL BOD for disciplinary action.
7. The window for talking to players by Coaches, Parents, Team Officials, Family and Guests or other Players is when the last match of the Spring Season ends until the Registrar sends out the rosters to the Coaches in the Fall Season. That is the only time that player movement can take place without the RYSL Registrar being involved.
8. If the player wants to continue to leave the team they are presently rostered on, the parent will fill out the **“RYSL Player Movement Request Application”** completely, sign it, and turn it in to the RYSL Registrar.

9. If a Coach, Parent, Team Official, Family member or Guest decides to form a new team, they can leave the team they are presently rostered on during the break between Seasons. They may take their child with them to be on the new team. If it is between the Fall and Spring break, they can't take any other players with them who are already rostered on teams. They will have to recruit new players to the RYSL. If players from the team they are leaving, or from other teams, want to join them on the new team, they will not be allowed until after the Spring Season is over. If they leave their current teams, they will be put in the "**RYSL Player Pool**" and will await the Registrar trying to find another team for them to play on. If there are no openings, those players will not play for the rest of the Season in the RYSL. If it is between the Spring and Fall break, a Coach, Parent, Team Official, Family member or Guest is free to talk to anyone they want.
10. If a team "Disbands" or "Breaks up" during the Seasonal Year, for any reason, one of the following two options are available:
  - A. A parent (on that team, another team or not in the RYSL) or another Coach, can step in and take control of the team, keeping the players together. They also have the option of changing the team name.
  - B. If no one steps forward to keep the team together, the players will be placed in the "**RYSL Player Pool**" while the RYSL Registrar places them on teams that need players.
